

# Enhanced Treatment Wastewater Systems

- Per Engineer review, Nov 2023, the Code does allow the use of an enhanced treatment system with a pressurized field to be installed 2' to a restrictive soil / water feature.
- An Enhanced Treatment System may be used with an existing tank and yearly maintenance is encouraged for proper function.
- Allows for a special pretreatment process to occur before wastewater is distributed into the laterals.
- Some treatment units have compressors, filters and alarms to aid in the treatment process.
- Always follow the do's and don'ts for your wastewater system. The use of enhanced treatment is at the owners discretion.

## Approved enhanced treatment systems as of March 2025

### Delta, DF Series

Sold by: Western Supply 620-662-8875  
Carl Vincent Services 620-664-8004

### Aquasafe EZTop with pretreatment units

Sold by: Carl Vincent Services 620-664-8004

### Aquasafe, AS Series

Sold by: Carl Vincent Services 620-664-8004

### Hoot, H Series

Sold by: Trigard 1-800-310-7099

### Biomicrobic, Micro Fast Series

Sold by: Lubbers Excavating 316-444-2333

### Jet, J-500 & 800 PLT-CF

Sold by: Rapid Services 316-794-8686

### Constructed Wetland

Homeowner or Contractor; Designed per  
KSU Extension Bulletin MF-2340

### White Knight

Sold by: Carl Vincent Services 620-664-8004

### Biomicrobic Fast .375

Sold by: Lubbers Excavating 316-444-2333

### Sludgehammer S-46, S-66, S-86

Sold by: Salina Septic DBA LilyPad Septic 785-248-2656

### Ecopod E-50 N Series

Sold by: Western Supply 620-663-9082  
and Mountain Supply 316-265-4440

### Enviro Aire EA50 Series

Sold by: Western Supply 620-663-9082  
and Mountain Supply 316-265-4440
