

# SEPTIC RISERS & LIDS

## PURPOSE:

- Aids in access for maintenance, inspection, and repairs
- Ensures general safety
- Prevents odors and water/debris intrusion and leakage.

## REQUIREMENTS:

- Risers extend access to surface grade.
- Riser connections must be water-tight
- Lids to be corrosion resistant and water-tight.
- Lids must be tamper resistant with locks, anchors, or > 65 Lbs.
